

# CORAL DOME

## WALL LIGHT

Designed and Handmade by Oliver Höglund & Ryan Roberts

Illuminate your space with the Coral Dome wall light, a sophisticated clear glass-blown fixture designed to elevate entryways, hallways, and kitchen spaces. The incorporation of the sleek dome back makes this piece a modern feature point. Tailor it to your preferences by selecting a dome finish of matte black, brass finish, matte white or medium bronze, and set the mood of your space with a choice of warm, warm white, or white LED temperatures. Meticulously hand-blown using premium Swedish clear glass, each disc carries the distinctiveness of SOKTAS Glass designs, promising an unparalleled and personalised lighting masterpiece that adds both elegance and character to your space.

Hand Made in Currumbin, Australia.

Glass Dimensions	160mm Glass Thickness: 10-20mm	Colour Temperature	2700K / 3000K (Standard) / 4000K
Wall Mount (Dome):	260mm Protrudes: 50mm	Dimming	Triac-Dimmable (Standard) Optional: DALI (additional cost) Please contact for alternative dimming options
IP Rating	IP65	Mounting	Integral Wall Bracket
Warranty	24 Months / 2 Years		
Certification	AU/NZ AS/NZS 60598.1, 60598.2.1 EU EN 60598.1, 60598.2.1 US/CAN ETL/UL 1598, CSA C22.2#250.0		

### DIMENSIONS

### MOUNTING

#### Glass Installation

To install the glass piece, hold the glass against the LED housing and thread the 30mm threaded cap into the LED housing.

\*Ensure the rubber o-ring(s) are installed in the correct position. If the glass is not held firmly when the threaded cap is fully screwed in, install the second o-ring behind the glass.

#### Wall Plate Dimensions

#### Installation Instructions

1. Unscrew the grub screw to separate the screw plate from the circular face plate.  
Prep the wall with a hole to match the cutout in the screw plate.

2. Install the screw plate to the wall using appropriate fasteners for the wall substrate.  
Secure the transformer into the wall cavity and feed the cable through the hole into the room. Connect the single electrified cable to the transformer.

3. Fit the circular wall plate over the mounting plate and secure with the supplied M4 screw at the top of the plate.

\*The transformer needs to be accessible for maintenance purposes.
